BUSINESS TOOLBOX PROGRAMS

The Business Toolbox is the cornerstone of the chamber's small business development program. Established in 1996, the Business Toolbox encompasses some of the chamber's most popular programs:

Networking Skills Workshop – The chamber's longest-running regular activity, this quarterly workshop offers practical tips on enhancing an individual's introduction and making one's company stand out in social and business settings. A hands-on practice activity highlights each session.

A.M. Exchange – This early morning networking opportunity is hosted quarterly by different chamber members at their place of business. A.M. Exchange offers members the opportunity to showcase their facilities and services to other members. With no formal program, this event offers a great opportunity for business people to sharpen their networking skills while learning more about the host company.

North Dallas After Hours – This evening networking opportunity is hosted quarterly by different chamber members at their place of business. North Dallas After Hours offers members the opportunity to showcase their facilities and services to other members. With no formal program, this event offers a great opportunity for business people to sharpen their networking skills while learning more about the host company.

Small Business Seminars – These quarterly seminars present industry experts who provide solutions to issues facing small business owners. Typical topics include customer service, business financing, sales and marketing and human resources issues.
