

North Dallas Chamber of Commerce Opens New Office

DALLAS, June 9, 2022

After damage from an EF-3 tornado, the North Dallas Chamber of Commerce has moved into a new office in North Dallas.

Even before the global pandemic, the North Dallas Chamber of Commerce was already making remote work cool. Their Preston Rd. building experienced extensive damage from an EF-3 tornado in October 2019 and the staff moved to remote work. Following extensive considerations and research, the Chamber's Board of Directors sold the remnants of the building and entered a lease agreement for the first-floor space at the Block 57 complex located at 5710 LBJ Freeway.

Since 1954, the North Dallas Chamber of Commerce has been dedicated to making Dallas the best place to live, work, build a business, and raise a family. They served the community from their Preston Rd. location since the 1980s.

The Chamber has always been more than just a building, but having a dedicated space for its members to connect and build their business is key to its mission.

“This is an exciting time to be associated with the NDCC with the opening of the new building on the horizon, coming out of the pandemic and forging ahead with in-person meetings, programming that keeps our stakeholders informed and connected, and continuing to take positions on important issues impacting our community. We look forward to hosting you in our new home.”
